## **HOME SECURITY SYSTEM** **INCLUDES INSTALLATION**

### **PROTECT YOUR LOVED ONES AND POSSESSIONS IN YOUR HOME**

A quality "BRINKS" monitored security system will help protect your home, family and possessions. If you have firearms in the house, this is especially important. Too many people look for an alarm system after their home has been invaded either away or worst while they are in the house. Reasons to sign up now

- An Alarm company that has been in the residential and commercial business for over 40 years. They have their own licensed installers. You do not want to gamble your family safety with a new alarm company that has not been in business long.
- Installing a good monitored alarm system will give you a discount off your home owner insurance costs
- The alarm stickers and signs will often discourage intruders.
- Your Free home security system will include:
  - Master Control Panel
  - Two door/window contacts
  - Motion or glass break detector
  - One standard keypad
  - Telephone connection
  - Labor, etc.
  - Lawn sign(s) and decals
